Trip Specific Safety

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes which is the most secure way of storing your valuables. A lock is recommended for securing your luggage.

Be aware that petty theft can be an issue in some towns and cities especially late at night. A common tactic is opportunists on motorbikes that drive by and snatch bags. Please always leave valuables and passports etc in your hotel in safety boxes if available and only carry with you enough cash to spend for the day. Bags should always be carried over the neck and not left to sit on your shoulder.

Warning

Please do not buy gems unless you know what you are doing. Even if genuine you should not expect to be able to sell them at home. If you fall victim to a gem scam, we are unable to assist you.

Visas and Entry Requirements

CAMBODIA - Visas can be obtained at the Cambodian border or Siem Reap Airport for approx. \$35 USD very easily. Please have *at least* 2 passport photos with you as well.

Please be aware that you will require four clean pages (minimum) in your passport and at least six months validity.

Tipping

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. Recommendations for tipping drivers and local guides would range from \$3-\$5 USD per person per day depending on the quality and length of the service.

Electricity

Indochina Countries use 220V, and a mixture of flat 2-pin, round 2-pin or 3 pin plugs. It is recommended to bring a universal plug adapter.
